

## SWISS LIFE SCIENCES POSTER SERIES NEUROSCIENCES

The Swiss life sciences poster series highlights Swiss research institutions' achievements and global collaborations. It builds upon analysis of 2004-14 Web of Science data.

## GLOBAL COLLABORATING INSTITUTIONS

Top 30 global collaborating institutions ranked by number of publications in neurosciences co-authored with at least one Swiss institution. Size of each circle indicates impact of collaborating institution's publications in neurosciences co-authored with at least one Swiss institution.
